

RECREATE NEW FUTURE
WITH PROWIN

PROWIN PLASTECH values each client to create wealth with commitment !

精晟用心對待，帶給客戶非凡價值！

因為精晟的 **細心**

為你帶來生活上的舒適

We are attentive, so we bring
comfort to your life.

因為精晟的 **用心**

為你帶來生活上的便利

We are committed, so we
bring handiness to your life.

因為精晟的 **貼心**

為你帶來生活上的樂趣

We are considerate, so we
bring fun to your life.

因為精晟的 **關心**，為你帶來生活上的支持與安全感

We are thoughtful, so we bring support and safety to your life.

Vision and Mission

我們的願景與使命

願景

整合協力廠家共同組成高分子界中堅強的競爭團隊，為客戶創造產品價值。

達成願景之策略：

1. 致力於回收技術提昇與環保材料之應用，使回收與環保材料更具使用價值與存在意義。
2. 以全客製化的技術及服務精神，提供客戶長期信賴的品質與產能，成為客戶利益的重要提供者。

Vision

The robust high molecular polymer team is built by integrating the third party makers for product value creation for clients.

Strategy:

1. Focus on recycling technology updating and green material application to reinforce the utilizing both of recycling and green plastic material in high value and existence.
2. With the full customized technology and service motto, we are the key profit provider of each client by offering clients the long-term trusted quality and capacity.

使命

盡一切努力不斷的精益求精塑造卓越的企業文化，為團隊提昇生命品質。

達成使命之意義：

提昇團隊生命品質讓團隊更具足能力與智慧，致力於環境的友善對待與守護。

Mission

All efforts are invested for continuous betterment to shape the excellent corporate culture and to upgrade the quality of life for the team.

Significance:

Upgrading the quality of life for the team makes the team more competent and intelligent. Committed to eco friendliness and environmental protection.

Future shaping only lies on PROWIN PLASTECH

共塑未來 捨我其誰

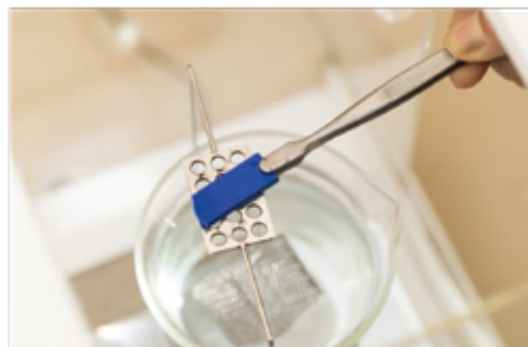

精晟科技創立於 2007 年，主要產品為工程塑膠複合材料，其產品原料 80% 以上來自於綠色環保材料，其中包含人造纖維紡織廢料回收再利用，以及 PLA 生物可分解材的使用，產品原料普遍應用於日常生活中，舉凡汽車、機車、腳踏車零件、運動器材、辦公室傢俱、手工工具類以及深具環保概念的仿木塑料，更有時下新興流行的生存遊戲 BB 彈用原料。

PROWIN PLASTECH was founded in 2007. The main products are engineering plastic composites. Over 80% of the raw materials are green materials consist of recycled synthetic fiber, recycled textile materials and biodegradable plastics such as Polylactic Acid (PLA). The raw materials are widely used in life, including Automobiles, motorbikes, bicycle parts, sporting goods, Office Accessory, hand tools, eco-friendly wood-plastic composites, and even Air soft ball bullet used in

精晟科技創立至今主要秉持落實管理、顧客滿意的經營理念，面對客戶的每一張訂單皆以創造客戶利益為優先，並以成為客戶重要利益提供者為使命，更以為團隊提昇生命品質為願景，一起為世界共塑未來。

the survival games.

The business has been run with the motto of Firm Management and Contented Customer since the founding. We give priority to create profit for each client that has given us the order each time. Our mission is to be the key profit provider for each client. Our vision is to upgrade the quality of life for the team. We can regenerate a new future for the world hand in hand.

Choosing “PROWIN PLASTECH”, We bring “UNLIMITED POSSIBILITIES” to you!

選擇「精晟」，帶您創造「無限可能」！

為什麼選擇我們？

1. 客製化量身訂做成為您的需要。
精晟融合創新，與您共鑒未來。
2. 回收再製、提昇形象、降低成本。
精晟讓無用之用，成為大用。
3. 讓精晟的品質成為您產品的價值。
選擇精晟，您會了解市場有多大。

Only PROWIN

1. We include innovation, customize your demands and shape the future with you.
2. We make useless waste useful. Remake via recycling, image upgrading, cost-down, renewable future.
3. Let quality of PROWIN PLASTECH to be the value of your products. Choose PROWIN PLASTECH, you will find how big the market is.

Guiding you to find creative solutions

帶領您發現創造性解決方案

我們為您量身打造的專屬配方，
提供服務有：

1. 材料的選擇及應用建議
2. 材料的加工與成型條件建議
3. 模具與產品的設計建議
4. 材料的染色與加工
5. 特殊型複合材料的合作開發

**PROWIN PLASTECH customizes your exclusive
solution with the services as follows:**

1. Consultation for plastics and composites, including choosing and its applications
2. Consultation for processing of plastics and composites
3. Consultation for Mold and its products design
4. Color matching and dyeing processing for plastics and composites
5. Cooperation and development for special or functional composites

產品類別：

- 尼龍 6 工程塑膠 - 尼龍 66 工程塑膠
- PP 工程塑膠 - PC / ABS 複合材料
- POM 工程塑膠 - 高比重複合材料

Categories:

- PA6 Materials - PA66 Materials
- PP Materials - PC / ABS Alloy
- POM Materials - High Specific Gravity Blends

Creating the product value for clients, Upgrading the quality of life for the team

為客戶創造產品價值，為團隊提昇生命品質
