

For injection molding machinery

Taiwan: Patent No. 102377

China: Patent No. ZL95210284.6

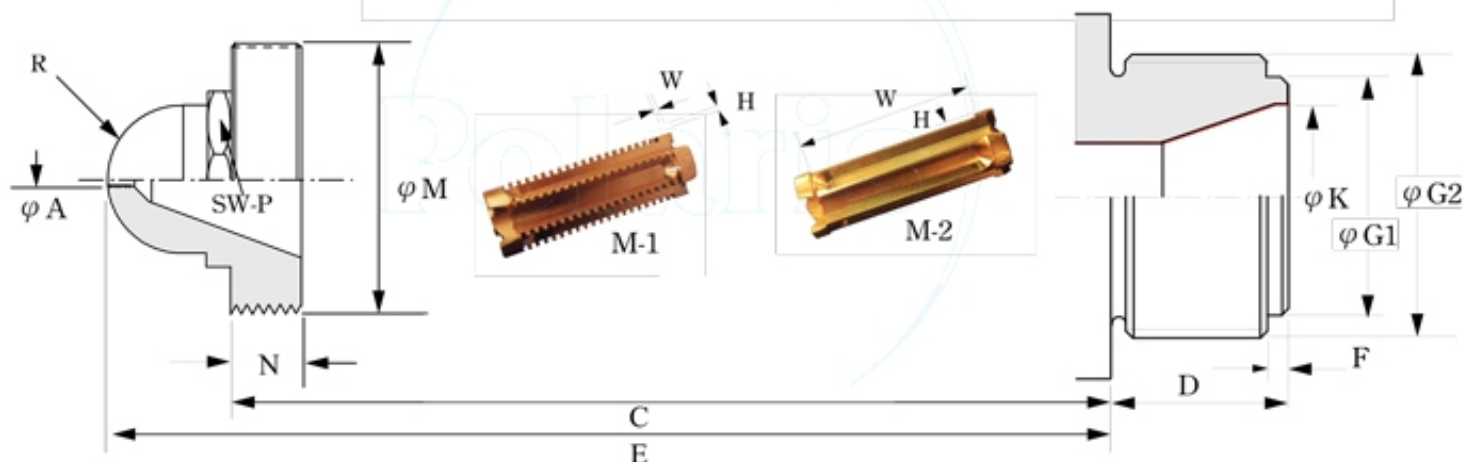

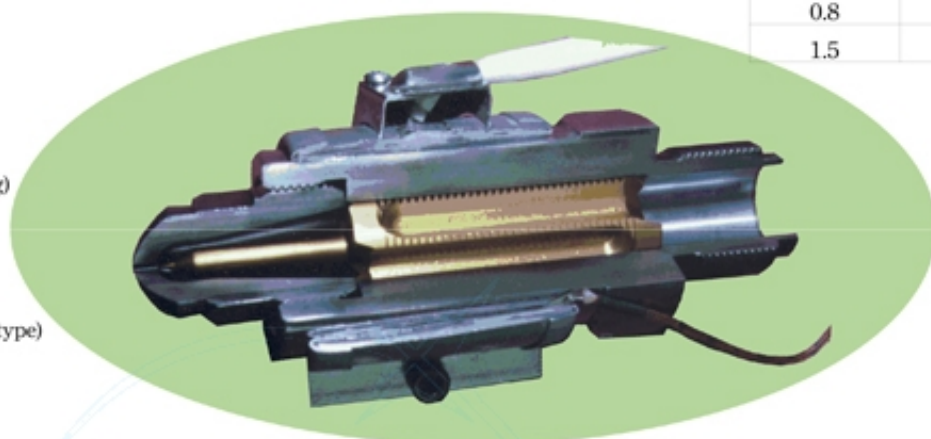

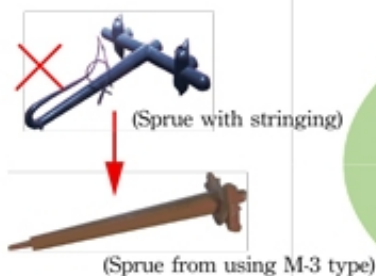

Multi-function Filter Nozzle

A product for higher production and quality

- 1: Function Efficiency
- 2: Mixer
- 3: No stringing
- 4: Extension Nozzle
- 5: For Hot Runner System

Screen Type:

H	W
0.8	50
0.8	0.8
1.5	1.5

Minimum Pressure Drop (3%~20% pressure drop)

Replaceable (nozzle tip, screen easy to replace)

Prompt Delivery (for standard dimension, 2~3 days to delivery)

Largest Melt Flow Area (up to 50 kg)

Easy to Clean (only to have surface clean)

Ranges of filter-gaps for your choice
(from 0.2 ~ 2.0 mm gaps)

Order from:

(mm)

Type	∅A	∅B	C	D	E	F	∅G1	∅G2	K	∅M	N	SW-P	SW-Q	R
N40	3	40	70							30	16	23	41	10
N50	3	50	90							38	20	29	54	13

Amold

Hot Runner System
