

High Speed T-Shirt Bag

名稱/內容 不一樣

Heat Cutting T-shirt Bag
Machine with 2
& 2 Servo Motors
Model: CW-800P-SV/CW-1000P-

High Speed Fully Automatic T-shirt
Machine With 2 Photocells &

Fully Automatic 6 lines

名稱/內容 不一樣

Double Layer (6 Lines) T-Shirt
Bag Cutting & Sealing Machine
Model: CWA2+6+P-800-
SV/CWA2+6+P-1000-SV

Fully Automatic High Speed Double
Layers 6 Lines T-Shirt Bag Making

Super High Speed T-Shirt Bag

名稱/內容 不一樣

Heat Cutting 2 or 4 Lines T-shirt
Bag Making Machine with 2
Photo Cells & 2 Servo Motors
Model: CW-1100P4-SV / CW-
1200P4-SV

Super High Speed Fully Automatic 2 or 4
Lines T-shirt Bag Making Machine With 2

Super High Speed T-Shirt Bag

名稱/內容 不一樣

2 Lines Heat Cutting T-Shirt
Making Machine With A
Packing Device Model:
800ATP-SV/ CW-1000A

Fully Automatic Super High Sp
T-shirt Bag Making Machine W
Packing Device By Servo Moto

6 Factors to Consider When Choosing Melt Filters for Plastic Recycling Extrusion Machines

1. Your materials to be extrusion recycled
2. Your required production output
3. Your required contamination level for final product
4. Your extrusion screw diameter
5. Your manpower
6. The future maintenance costs
